PROFILE

RHYNO[®] is a name synonymous to packaging items in Gujarat for the last 27 years. **RHYNO**[®] group was founded by a group of businessman and pioneers in the packaging industry in 1996. **RHYNO**[®] has since then never looked back and continued its expansion in terms of capacity and product range.

We at **RHYNO**[®] group are an active, creative innovative and professionally managed family rather than a company, having specialization in manufacturing of packaging items, EPS (Thermocol), EPE foam, PP Corrugated Sheets and Boxes, & Bubble Guard/Honey Comb Sheets.

Our group of companies specialize in gathering of experts and specialists in R&D, manufacturing and marketing in the field of plastic packaging.

MISSION

Achieve excellence and perfection by providing our clients with sustainable and efficient product at minimum possible cost. **RHYNO**[®]'s further mission is to continue expanding current facilities and machineries with equivalent focus on bringing new products under its brand name.

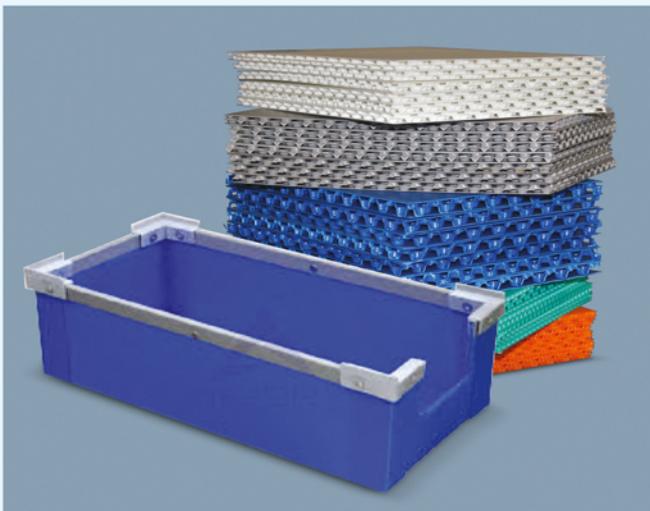

VISION

'Growing' with clients' has always been the policy of the group. **RHYNO**[®] is on the path of innovative and creative thinking by servicing their clients with unique and very own packaging products.

RHYNO[®] believes in total packaging solutions under one roof, for its valuable clients. On the path of total packaging solutions, our group is introducing new products slowly and gradually under the brand name of **RHYNO**[®].

We are committed and dedicated for its contribution towards Swachh Bharat Mission initiative launched by the government of India, and for this, **RHYNO**[®] is collecting the waste of EPS, EPE & PP Sheets from the market and recycle the same at their factory premises.

PP BUBBLE GUARD SHEET

After getting customer loyalty and being a prominent brand name in the field of packaging and protection industry, **RHINO®** expanded its range of product by adding a new product PP Bubble Guard / Honey Comb Sheets under its brand. Having the latest world class machinery and infrastructure **RHINO** is committed to provide a super quality product at the most competitive price ever. This product is manufactured under the company name **Rahil Flexipack LLP**.

APPLICATIONS

PACKAGING and TRANSPORT

Used to make Boxes, Bins, Pallets, Pallet Containers (Foldable Container Loading, i.e., FCL Pallet Sleeve), Separators, Edge Protectors, Vehicle Floor Guards and many such.

CONSTRUCTION and HOME DÉCOR

Protect Tiles and Floor from scratches and dent while furnishing. Used as false Ceiling. Water-resistant property allows it to protect your furniture from wall dampness. Used for Partitions, Foldable Walls and Shelves.

AUTOMOTIVES

Used in Cars, Vans, Airplanes and Spacecrafts for wall and floor protections.

ADVERTISING

Rhyno bubble guard's printability, light weight and stiff property makes it suitable for advertising banners, retail display units, hanging danglers and other advertising boards.

PP BUBBLE GUARD SHEET

Rahil Flexipack LLP is the latest addition to the **RHYNO** group of companies inaugurated in the year 2022, We are devoted to our mission of providing the best-in-class products and services to our customers world-wide.

We, at Rahil Flexipack are engaged in the manufacturing and distribution of sustainable and eco-friendly **RHYNO** bubble-guard sheets. The heterogeneity of our product makes it suitable for many industries like Construction, Advertising, Packaging and Storage Solutions, Automotives, to name a few. We are a zero-emission company and recycle 100% of our plastic waste.

Our product branded as **Rhyno Bubble Guard** is a universal product made primarily out of polypropylene. It is a 3 layered sheet comprising of a middle bubble layer for uniform load bearing and cushioning across the surface. Its versatility makes it suitable for end number of uses across multiple industries.
