PROFILE

RHYNO[®] is a name synonymous to packaging items in Gujarat for the last 27 years. **RHYNO**[®] group was founded by a group of businessman and pioneers in the packaging industry in 1996. **RHYNO**[®] has since then never looked back and continued its expansion in terms of capacity and product range.

We at **RHYNO**[®] group are an active, creative innovative and professionally managed family rather than a company, having specialization in manufacturing of packaging items, EPS (Thermocol), EPE foam, PP Corrugated Sheets and Boxes, & Bubble Guard/Honey Comb Sheets.

Our group of companies specialize in gathering of experts and specialists in R&D, manufacturing and marketing in the field of plastic packaging.

MISSION

Achieve excellence and perfection by providing our clients with sustainable and efficient product at minimum possible cost. **RHYNO**[®]'s further mission is to continue expanding current facilities and machineries with equivalent focus on bringing new products under its brand name.

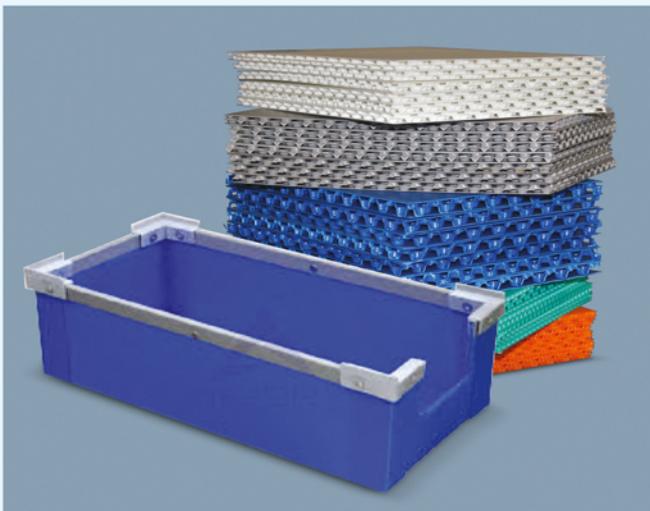

VISION

'Growing' with clients' has always been the policy of the group. **RHYNO**[®] is on the path of innovative and creative thinking by servicing their clients with unique and very own packaging products.

RHYNO[®] believes in total packaging solutions under one roof, for its valuable clients. On the path of total packaging solutions, our group is introducing new products slowly and gradually under the brand name of **RHYNO**[®].

We are committed and dedicated for its contribution towards Swachh Bharat Mission initiative launched by the government of India, and for this, **RHYNO**[®] is collecting the waste of EPS, EPE & PP Sheets from the market and recycle the same at their factory premises.

PP BUBBLE GUARD SHEET

RHYNO® was formed after intensive market research and began its first ever production unit and first ever in Gujarat under the name of **Rhyno Thermopack Industries**. Today, we are the largest manufacturer in Gujarat and one of the top in India. To match the growth and utilize the potential, we have expanded 3 different manufacturing and 1 semi-manufacturing and fabrication facilities of EPS (Thermocol).

FURNITURE

Bean Bag, Furniture, Pillows.

FEATURES

- Light Weight
- Shock Absorber
- Water / Moisture Resistant
- Thermal Resistant
- Thermal Insulation
- Non-Toxic
- Moulding
- Recyclable
- Easy to Fabricate
- Cost Effective
- Easy to Handle
- All Weather Proof

THERMOCOL (EPS)

EPS which is generally known as Thermocol in India also stands for Expandable Polystyrene. With more than 27 years of experience in the field of manufacturing EPS along with dedicated team completely focussed in delivering the best quality output along with timely service, **RHYNO** today has become customer's first priority. Since establishment in 1996, **RHYNO** has 3 manufacturing plants of EPS Thermocol and 1 warehouse / fabrication unit that focuses on fabrication of all **RHYNO** products and all other packaging items. This warehouse has enabled **RHYNO** to cater to the microscopic needs of its customers by providing complete packaging materials under one roof.
